**Track Handicapper – Gabe Prewitt**

<b>Race 1</b>		<b>Selections</b>	<b>7-4-1-5</b>	<b>Start of the 50c Pick 5</b>
1	Royal Witch	4yo has really stepped up her game this season, having won 8 of 17 against tough company, earning over \$84k along the way. Lands on the pole here today after back to back wins, anything similar puts her very close once more.		
2	Caprice Hill	Added Lasix a couple of months back, but just doesn't seem to be quite as sharp over her last few starts as what we saw from her earlier this summer. We know she has the talent, but in need of a major wakeup call.		
3	Dream Baby Dream	Toss out the last start where she suffered broken equipment, and keep in mind she had been racing fairly well in prior efforts against upper-level conditioned company. Wouldn't have to step things up that much more to hang here.		
4	Broadway Donna	The 2016 KY Filly Futurity Champion has always been a big fan of the red clay, and note the barn has been red hot so far during the Grand Circuit meet. Appears to be the one to beat right now.		
5	Ice Attraction	The 2017 KY Filly Futurity Champion after knocking off the heavily favored Ariana G over the off track here last year on closing day. Encountered some traffic trouble last time at Delaware, smoother journey puts her in the mix.		
6	Checkmate Time	Has been sharp since adding hobbles several starts back, but she takes a step up into the major leagues this afternoon against a very good group. Will have to prove it against these still.		
7	Charmed Life	Has been very good of late on the east coast against male rivals, and may actually find this to be a touch easier today against only mares. Barn has done well with limited local starters. I'll give her slight edge to upset.		

<b>Race 2</b>		<b>Selections</b>	<b>4-3-5-1</b>	<b>Kakaley chose 1 over 7</b>
1	Pat Matters	Rallied up nicely to finish a close 3 <sup>rd</sup> here last week, and continues to race at a very high level since arriving locally earlier this summer. Should be tracking early and looking to pounce late once again. One of several with a big chance.		
2	Highland Dynamite	Hasn't proven she packs the speed to hang with the top ones in here at this point. Pass.		
3	Lily Stride	Had plenty of late trot down at the inside last week after she found clearance, finishing 2 <sup>nd</sup> in behind the heavy fav. Lands in a fairly wide open and competitive group this afternoon. No question she fits with these.		
4	Supergirl Riley	RAZOR sharp of late, riding a 3-race win streak into this afternoon. She dominated a solid group here last week, I'll give her chance to step up and keep the streak rolling today against another good group.		
5	Nixie Volo	KYSS Champ was roughed up with a tough trip here last week as the fav which ultimately took it's toll late. We know she has plenty of talent, any smoother journey gives her a major chance.		
6	Courtney Hanover	We've seen glimpses of top shelf talent from this filly all season, including in a solid runner-up effort last month in the \$253k PA Championship. Regressed back into a break in stride last time though, will need a quick rebound.		
7	Perfect Summer K	Seems to have tailed off a bit of late after getting very sharp earlier this summer. Hard to endorse right now. I'll pass for now.		
8	Seviyorum	I must admit I was a bit disappointed she couldn't finish 2 <sup>nd</sup> here last week after a picture perfect trip following up the eventual winner. Now forced into a deeper group overall from a tough post. Won't be easy here.		

<b>Race 3</b>		<b>Selections</b>	<b>8-3-6-1</b>
1	Piranha Fury	Put together a nice even effort last week to finish 4 <sup>th</sup> , and is likely facing a similar scenario here this afternoon against a tough trio. I could consider for bottom of exotics only once again.	
2	Msnaghty ashill	Overmatched in her most recent efforts, and faces a tall order again this afternoon. Pass.	
3	Atlanta	Hambo Champ finished up with plenty of trot over the off track against older rivals last time in Canada, and has obviously proven she packs a powerful punch. Is she at her very best right now? Good question.	
4	Top Expectatns	A slight notch below the top ones here last week, and hooks a tough trio again this afternoon. I'll consider her underneath only.	
5	Golden Muscle	Rebounded with a nice win here against LC company last week in her local debut, but takes a step back up to the major leagues this afternoon against a powerful group. Not sure she's ready for these just yet.	
6	Plunge Blue Chip	Overpowered her rivals in the \$225k NYSS Final last time at Yonkers, and remains as the fastest 3yo trotter of all time with that sizzling 49.4 score at The Meadowlands earlier this season. Packs a powerful punch.	
7	Looking for Zelda	OH sired filly has been sensational throughout her career, having earned just shy of \$400k at this point. Steps up to face a tough group of Grand Circuit foes today though. Might be asking a bit much against these.	
8	Manchego	Supremely talented trotting filly was undefeated last season, and has continued to put in breathtaking performances at the age of 3, having won 7 of 11 so far. Lands in a tough group today, but must respect credentials.	

**Race 12                      Selections                      4-5-3-7                      D Miller chose 6 over 1**

1	Inverse Hanover	Hasn't been able to get it done in Invitational ranks at Hoosier over the last few starts, and steps up to tackle some of the top mares in North America here today. Not convinced she's ready for these.
2	Blazin Britches	Talented mare has obviously had some issues this season, missing plenty of time in between appearances. Will she be at her best after being on the shelf for a month prior to today? I'm not sure.
3	Pure Country	Iron tough mare just keeps grinding, picking up a very good 3 <sup>rd</sup> last time in the Milton from an impossible spot. We know she has plenty of ability. I'll try her to be close once more.
4	Caviart Ally	Ally is quite possibly in career best form right now after back to back sharp scores in Canada, and will get a chance again to turn the tables on #5. I'll give her slight edge over that rival.
5	Shartin	Has been sensational since arriving stateside for Team King, and got back on track with an easy score in Philly overnight in her most recent appearance. She's been at the top of the class all season. Must respect.
6	LA Delight	Maybe not quite as sharp over the last couple of starts as what we've seen from her in the past. Will need her absolute best punch here this afternoon against a solid crew. Pass for now.
7	Blue Moon Stride	Has been a notch below the favs for most of the summer, and appears to be a fringe player again this afternoon. I'll consider her for a minor share only once again.
