

Red Mile Nightly Selections
Saturday, September 7, 2019
Track Handicapper – Gabe Prewitt

Race 1 Selections 7-2-3-5

1	Caviart Rockland	Has been a notch below local stakes rivals to this point, but lands on the pole tonight in what seems to be the softer of 2 divs. I could consider him for bottom of exotics against these.
2	Captain Ahab	Still looking for his first win as a sophomore, and he did flash a bit of improvement in that most recent runner-up appearance. Appears to be well spotted after landing in the softer of 2 divs. Big shot.
3	Pyro	Couldn't quite hang with the top ones in Leg 2, but appears to have landed in a much more manageable spot overall tonight. Best punch should put him close against these.
4	Odds on Boca Raton	Took advantage of the lively pace up front to rally past some of his tired rivals last time and grab the 3 rd spot. He's been only a fringe player on the stakes scene to this point. One of several with a puncher's chance underneath.
5	Blacklight	Picked up a good 3 rd in opening round, but no factor when we most recently saw him. Would have to step things up a bit still to make any major noise.
6	Shipshape	No factor in his most recent try against stakes foes, likely still going to have to pick things up a bit. Not yet.
7	US Captain	Put in a gutsy bid in the \$500k Messenger last time at Yonkers, and hung in a long way to finish a close 3 rd in behind a very tough pair. Seems to have stepped things up since adding Lasix 3 back. I'm on board.

Race 2 Selections 8-3-7-5 Start of the 50-Cent Pick 5

1	Carousel	Hasn't had any success in two local stakes tests to this point, and likely still a notch below the top ones again tonight. I'll wait for a better spot.
2	Prescient Beauty	She needed that last start after missing 2 months prior, but still going to have to really step things up in a hurry to make any major noise tonight. Not yet.
3	Alii Nui	Had some traffic trouble in that most recent try, and was a very solid-runner up in behind the heavy fav in opening leg. Wouldn't be surprised to see her bounce back here.
4	Summer Charm	Couldn't hang with the fav in late stages last time, still going to have to find a bit more pop on the end of it to make any major noise. I will consider for bottom of exotics only.
5	Hydration	Had plenty of late pace after weaving her way through traffic here last time, and plenty of options tonight after landing in a perfect mid-pack post. One of several in play in behind the fav.
6	Another Beach Day	Overmatched to this point in local stakes action, still going to have to step things up. Pass for now.
7	Margret Hill	Put in a decent late rally to finish a distant 3 rd last time, and I could consider her for a similar result again tonight. Underneath only.
8	Beautyon thebeach	Defending KYSS Champ has stamped herself as clearly the one to beat in opening legs, as she has easily crushed these rivals in back to back starts. Put a circle around her once more.
9	Salutation	Not quite as sharp last time as what we saw from her in opening round, and she lands a tough post for tonight's assignment as well. Won't be easy.

Race 3 Selections 7-2-6-1

1	Western Exposure	Couldn't quite hang with top ones in late stages last time after being a part of the torrid early pace scenario. Lands back in a contentious crew tonight, I'll consider for another underneath finish.
2	Can't Beach That	This guy has been RAZOR sharp of late, and rides into tonight on a 4-race win streak including back to back stakes scores locally. Faces his toughest task to date tonight though with tough rivals on outside. Needs his very best.
3	Military Secret	Overmatched as a big longshot in his last couple, and retains longshot status tonight. Pass for now.
4	Magic Joe Lindy	Joe got tortured with an impossible trip here last time, and was just 'ok' in a distant 4 th place finish in the opening round. Still going to have to step things up to make any major noise.
5	Major Deception	Only a fringe player against stakes company to this point locally, and that is about the best I could see for him once again. I will consider for bottom of exotics only.
6	Captain Trevor	Trevor was a very solid runner-up in behind one of the most talented colts in the country here on 8-15, but couldn't hang with that rival in his Messenger Elim. I would expect another sharp effort in his stretch back out to the big track.
7	Dancin Lou	Couldn't have possibly been anymore impressive visually here in 2 nd leg, as he was used HARD to make the lead in there, but absolutely dominated that field and won easily. I'm right back on board again tonight. Lots to like.

Race 4 Selections 6-5-1

1	Bad Ms Johnson	Filly is off to a nice start to her career on the OH Fair Circuit, hitting the board in 9 of 13 to this point. Should pick things up on the move to the big track, but hooks a couple of tough rivals on the outside tonight.
2	Big Bad Mosa	A notch below the top ones at this level locally, appears to be facing a similar uphill battle again tonight. I'll wait for a better spot.
3	Fox Valley Conquer	Has been on a good run against IL Fair rivals of late, but steps up to face what seems to be a much tougher group overall tonight. Will have to prove he packs the speed for these still.
4	Arts Music	Took an aggressive swing here last week, but couldn't sustain that bid and flattened out in the late stages. Seems to be facing another tough task tonight. Pass.
5	Boogy Woogy J	I was very impressed with his closing kick last time, as he made it close against #6 in the late stages. Keep in mind there is plenty of pedigree here, he was a \$250k yearling purchase last fall. I'll slot him in behind the fav once again.
6	Epic Ace	Stepped up and delivered as a heavy fav here last week, and is facing a very similar assignment again tonight. Should be able to handle these once more.

Race 5 Selections 1-4-8-6

1	Keene Santanna	Hasn't had her fastball working of late, but do note she plunges all the way to the bottom class for tonight's assignment. Should enjoy this type of company. Big wake up call coming? I'll say yes.
2	Big Pink	Overmatched to this point locally, still going to have to step things up quite a bit. Not tonight.
3	Lucky Day	Likes to finish close, but keep in mind he is winless for well over 2 years at this point. Underneath only with that in mind.
4	Adversary Seelster	Finished up with a solid amount of late pace here last week, and gets to dip back into the bottom level for tonight's assignment. Should be very prominent against these. Major player.
5	I Dreamed a Dream	He's outraced his odds of late, but seems to have hooked a bit better group overall tonight for this level. Will have to prove he's ready to hang with the top ones in here still.
6	Skyway Titan	Couldn't quite collar the fav last time, but still gave a very nice account of himself in a runner-up finish. He seems to be heading in the right direction, I'll try him to be close once more.
7	Idbegood atthat	Has been anything but good of late, but do note the barn change for tonight's assignment. Will he step up and improve at first asking for new connections? Not sure.
8	Armani Code	Overmatched locally of late, but gets to dip back into a level tonight where he should have some success. This has come up a bit deeper than usual, but he should fit still.

Race 6 Selections 3-8-4 Start of the \$1 Pick 4 See Ticket at the end

1	Free Love	Gets to dip one level tonight, and lands on the pole in what appears to be a WIDE open affair. Going to need his absolute best punch to hang with the top ones in here.
2	My Trmp Crd	Easily took care of a lesser group in his local debut, but steps up to tackle far better company for tonight's assignment. Will have to prove he is ready to hang with the top ones in here still.
3	McPansy	Put in a very good try in her local debut, and should be a bit better tonight after the local acclimating mile. Wouldn't take much more to step up and get it done here.
4	Best Trick Ever	This guy continues to race very well locally, he finished close last time after an impossible trip. Lands back in a very similar group tonight. He fits with these.
5	Hesallabt dabass	Got caught up in a big mile in his most recent, but should be facing a much more manageable group tonight for this level. His best punch would put him squarely in the mix against these.
6	Northern Fiesta	She's been knocking on the door of late, but lands back in what seems to be a very contentious group tonight for this level. Would have to step things up a bit still against these.
7	Pass the Deuce	This guy debuts for a new barn tonight after being claimed in his most recent try. Will have to prove he can handle the jump up. Your call.
8	JL Joe	Joe gets to dip another level tonight after being outgunned a bit of late. Finally lands back in a group tonight where he merits a lot of consideration. Major player.
9	American Tiger	The Tiger saved all the ground last week en route to a very close 3 rd place finish. Gets stuck with a tough post tonight though against what seems to be a deeper group overall. Won't be easy.
10	Highland Hellion	Wow, how about that 51-1 upset win here last weekend? He arrives into tonight after back-to-back wins and will likely be overlooked again tonight from outside post. Hard to endorse from way out here, but must respect current form.

Race 7 Selections 6-2-3-5

1	Insane In Spain	No factor in his only local spin at this level, likely still going to have to pick things up to make any major noise. Pass for now.
2	Kaboom Pow	This guy continues to get better and better with each and every appearance, he easily dispatched his rivals in most recent. Steps up a level tonight, but must respect current form spree.
3	Just Faye	This mare finally gets some post relief tonight after being stuck outside in the last few. Pulled off a major upset here 2 starts back when she slipped through late. She has proven she can go with these. Your call.
4	Smooth N Creamy	It wasn't exactly pretty, but he found a way to step up and rally by his rivals in the late stages last week as the heavy fav. Steps up a level for tonight's assignment, will need his best punch against these.
5	MG's Summer Angel	Put together a solid late rally to pull off the 17-1 upset here last week, and she seems to have stepped up her game over the last few weeks. She's hit the board in her last 3 tries, and she's been a big price every time. Maybe.
6	I Soar Him First	This guy was absolutely flying in the late stages last week, and seems to be on the right track after getting off to a slow start to his 2019 campaign. Should continue to improve. Lots to like.
7	Princess Dalia	Hasn't been much of a factor of late, and lands a tough post in a competitive crew again tonight. Not sure I like that combination.
8	Dragon Fever	Gets to dip down a level tonight after connections opt to put him in for \$4k claiming tag. Should be able to hang with this type of company, but hasn't been overly sharp of late. Your call.
9	Cactus Billy	Billy couldn't hang with the top ones in the late stages last week, and not done any favors tonight after getting slammed with outside post. I'll wait for a better spot.

Race 8 Selections 7-1-8-2

1	Razzleme Dazzleme	She has been knocking on the door of late with some close finishes, but always tough to endorse for the top spot at a short price given her 1 for 45 resume over the last couple of seasons. Underneath only.
2	I've Got Hootspa	He handled the step up to this level with a good even 3 rd place finish here last week, and doesn't appear to have landed in with an overly tough group once again. Best effort puts him in the mix.
3	TC Loving Cup	Hasn't been much of a factor locally of late, going to have to find a bit more pop on the end of it still.
4	Thirty Nine Red	Came up empty after saving ground throughout last time, another that will have to find a bit more in the late stages to make any major noise. Not yet.
5	Just Fred	Fred has been even of late, and appears to have landed in a spot tonight where he could finish close once more. I will consider him for the bottom of exotics.
6	Walk From Heaven	OH invader hasn't exactly been overly sharp of late, but she lands in an ultra-cozy spot tonight for her local debut. Wouldn't have to step things up too much to hang with these.
7	Marco De Vie	Hasn't been much of a factor locally to this point, but lands in what seems to be his easiest assignment to date tonight. It wouldn't take much more to put him in the mix against these. Maybe.
8	Princess Gazela	NY invader is a bit tough to gage, but she has shown the ability to leave the gate quickly and does own a win just 2 starts back. Her best punch should put her in play.

Race 9 Selections 7-3-8-2-1 20-Cent Super Hi-Five Wagering

1	Nora the Explorer	She's been picking up some minor checks at this level locally, and any similar effort should put her in line for an underneath finish once more.
2	Big Kiz	Overmatched in straight NW1 ranks in OH of late, but should enjoy the local transition against claiming company. Wouldn't have to step things up too much to handle these. My only concern is the missed time.
3	Tawni Hall	Stepped up and delivered with a nice 14-1 upset here last time, and lands right back in against a similar group again tonight. Must respect.
4	Frontier Nicole	Hasn't been any factor at this level locally to this point, would need a complete turnaround here. Not tonight.
5	Princess Starlette	She's had some major stamina issues of late, but do note she does dip into the local claiming ranks for the first time tonight. Class relief may wake her up a bit. Your call.
6	Summer Sage	Hasn't made any impact at this level locally, will have to step things up a bit still. Pass for now.
7	Gym Socks	Chi-town invader debuts for new barn tonight, and gets to dip back into the claiming ranks as well. Should enjoy that move, his best punch puts him in play.
8	Medical Image	Lone 2yo has been overmatched at Hoosier of late, but does dip into what should be a very comfortable spot for her local return. Wouldn't take much more to put her in play, I'll toss her on the ticket to spice up the exotics.
9	Swinging Rockette	Got away to a rough start here last time, but recovered nicely in there to be 2 nd . Only 2 for 58 LT, but she does enjoy finishing close. I'll consider her underneath once again.
10	Hytch Honey	Hasn't been much of a factor of late, and gets slammed with post 10 tonight as well. Not sure I like the sounds of that.

\$1 Pick 4 (Races 6 – 9)
